

Easy One Touch Connect Alexa Built-in Dashboard & Windshield Mount

The Easy One Touch Connect with Alexa Built-in is a smartphone car mount engineered to provide drivers with access to tens of thousands of Alexa Skills on the road. With Alexa, you can ask to get driving directions, play music, place calls, check the weather, control smart home devices, and more—all while you keep your hands on the wheel and eyes on the road. To use the Easy One Touch Connect, simply mount the smartphone with the Alexa App installed, and speak to Alexa within an arm's reach.

The seamless communication with Alexa is powered by dual-microphones and noise canceling software that filters out ambient road noises for a superior Alexa experience on the go. Lock and release smartphones in seconds with the U.S. Patented Easy One Touch mechanism, which automatically holds devices securely when engaging the Trigger Button. The iOttie Easy One Touch Connect with Alexa Built-in adds intelligence and performance to any vehicle for safer and smarter driving experience.
